Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

(1) Is not a "significant regulatory action" under Executive Order 12866,

(2) Would not affect intrastate aviation in Alaska, and

(3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

The Boeing Company: Docket No. FAA–2021–0258; Project Identifier AD–2020–01565–T.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) action by May 28, 2021.

(b) Affected ADs

None.

(c) Applicability

This AD applies to The Boeing Company Model 747–400, 747–400D, and 747–400F series airplanes, certificated in any category, as identified in Boeing Requirements Bulletin 747–25–3725 RB, dated October 27, 2020.

(d) Subject

Air Transport Association (ATA) of America Code 25, Equipment/furnishings.

(e) Unsafe Condition

This AD was prompted by reports of burned Boeing Material Specification (BMS) 8–39 urethane foam found in certain locations on the airplane; investigation revealed that the fire-retardant properties degrade with age. The FAA is issuing this AD to address degraded BMS 8–39 urethane foam used in seals, which may fail to maintain sufficient halon concentrations in the cargo compartments to extinguish or contain fire or smoke, and may fail to prevent penetration of fire or smoke in areas of the airplane that are difficult to access for fire and smoke detection or suppression, which could result in loss of control of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

Except as specified by paragraph (h) of this AD: At the applicable times specified in the "Compliance" paragraph of Boeing Requirements Bulletin 747–25–3725 RB, dated October 27, 2020, do all applicable actions identified in, and in accordance with, the Accomplishment Instructions of Boeing Requirements Bulletin 747–25–3725 RB, dated October 27, 2020.

Note 1 to paragraph (g): Guidance for accomplishing the actions required by this AD can be found in Boeing Service Bulletin 747–25–3725, dated October 27, 2020, which is referred to in Boeing Requirements Bulletin 747–25–3725 RB, dated October 27, 2020.

(h) Exception to Service Information Specifications

Where Boeing Requirements Bulletin 747–25–3725 RB, dated October 27, 2020, uses the phrase "after the Original Issue date of Requirements Bulletin 747–25–3725 RB," this AD requires using "the effective date of this AD."

(i) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Seattle ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or responsible Flight Standards Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (j)(1) of this AD. Information may be emailed to: 9-ANM-Seattle-ACO-AMOC-Requests@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the responsible Flight Standards Office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by The Boeing Company Organization Designation Authorization (ODA) that has been authorized by the Manager, Seattle ACO Branch, FAA, to make those findings. To be approved, the repair method, modification deviation, or alteration

deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

I. Statutory Authority

IEED is proposing this rule under the authority of the Native American Business Incubators Program Act, Public Law 116–174.

II. Need for This Proposed Rulemaking

On October 20, 2020, Congress enacted the Native American Business Incubators Program Act, Public Law 116–174, which will be codified at 25 U.S.C. 5801 *et seq.* In the Act, Congress establishes the Native American Business Incubators Program. Congress found that, in addition to the challenges all entrepreneurs face when transforming ideas into profitable business enterprises, entrepreneurs face an additional set of challenges that requires special knowledge when they want to provide products and services in Tribal reservation communities. Congress further found that the business incubator model is suited to accelerating entrepreneurship in Tribal reservation communities, promoting collaboration to address challenges and providing individually tailored services to overcome the obstacles that are unique to each participating business, ultimately stimulating economic development in reservation communities. Business incubators accelerate the creation and development of businesses by offering a range of services to business owners such as: mentorships, networking, technical assistance, and access to investors. In accordance with the Act's requirement for promulgation of regulations within 180 days of the Act's enactment (*i.e.*, by April 18, 2021), IEED is publishing today's proposed rule for notice and comment.

III. Overview of Proposed Rule

This proposed rule would establish the IBIP, in accordance with the Native American Business Incubators Program Act. Through the IBIP, IEED will provide competitive grants to eligible applicants to establish and operate business incubators that serve entrepreneurs (start-up and early stage businesses) who will provide products or services to Tribal reservation communities. A business incubator is an organization that assists entrepreneurs in becoming viable businesses by providing advice and services to entrepreneurs to navigate obstacles in transforming their innovative ideas into operational businesses. Examples of services that a business incubator may provide are workspace and facilities, advice on how to access capital, business education, counseling, and networking and mentorship

opportunities. Indian Affairs does not currently have any regulations in place that provide for a grant program for Indian business incubators. These regulations are intended to provide the framework for operation of the grant program so that there is certainty as to who is eligible for a grant, how eligible applicants can apply for a grant, how IEED will evaluate, award, and administer the grants, and what terms and conditions will apply to the grants. The ultimate goal of providing this regulatory framework is to enable IEED to provide grants under these regulations that will stimulate economic development in reservation communities. IEED welcomes input on any proposed regulatory provision that may undermine this goal.

The proposed rule consists of six subparts, each of which is described below.

- *Subpart A—General Provisions and Eligibility:* Defines terms defined in the statute consistent with the statutory definitions, replacing citations with restatements of the provisions cited where appropriate, and adds a new term for “IBIP” in lieu of “Native American Business Incubator Program (NABIP)” to avoid confusion because the acronym “NABIP” is similar to other grant programs. This subpart also describes who is eligible to receive an IBIP grant, to include the following entities that meet certain additional requirements set out in § 1187.3:

- Tribes;
 - Tribal colleges and universities;
 - Institutions of higher education;
- and
- Tribal or private nonprofit organizations that provide business and financial technical assistance.

- *Subpart B—Applying for a Grant:* Describes how an eligible applicant applies for a grant, adding the specificity that applications must be submitted through www.grants.gov. This subpart also includes the statutory requirements for what must be included in an application and written site proposal, and how to submit a joint application. The regulations add that joint applications must identify which of the entities submitting the joint application will be the lead contact for the purposes of grant management.

- *Subpart C—Evaluation of Grant Applications:* Describes the criteria IEED will use to evaluate each IBIP grant application, adding the specific time period of three months to the statutory requirement that the applicant must commence services within a minimum period of time to be determined by the Secretary. This subpart also adds a new criterion to the

statutory criteria for evaluation: The extent to which a grant award will enable an entity that is already providing business incubation services to appreciably enhance those services. IEED added this criterion in order to ensure that the grant is funding new incubation services, such that there is a return for the investment made in the incubator, rather than merely paying existing incubators for services they would have otherwise provided.

- *Subpart D—Grant Awards:*

Describes how IEED will disburse grant funds to awardees according to the statute. This subpart also includes the statutory prohibition on awarding an IBIP grant that duplicates other Federal funding, but adds a clarification that duplicative funding means any funding from other Federal grants that would overlap with the IBIP grant for the same activities described in the applicant's IBIP proposal.

- *Subpart E—Grant Term and Conditions:* Establishes an initial grant term of three years, with the opportunity to renew for one additional three-year term if certain conditions are met, in accordance with the statute. This subpart also lists the purposes for which awardees may use the grant funds, requires awardees to provide non-Federal contributions in an amount at least 25 percent of the grant unless the conditions for waiver of that requirement are met, lists the minimum requirements awardees must meet in providing incubation services, and requires the awardee to submit a report at the end of the grant year that provides, among other things, a detailed breakdown of the Native businesses and Native entrepreneurs the incubator helped establish or serve. These items are all statutory but are included in the regulation to assist readers in finding all relevant IBIP grant information in one location.

- *Subpart F—IEED Grant Administration:* Provides that IEED will conduct an annual evaluation of each IBIP awardee's success, facilitate relationships between awardees and educational institutions serving Native American communities, and collaborate with other Federal agencies that administer business and entrepreneurial programs. These items are also all statutory but are included in the regulation to assist readers in finding all relevant IBIP grant information in one location.

IEED seeks comment, particularly from Tribes and potentially eligible IBIP applicants, on any changes to the regulation within the bounds of the statute that could be incorporated to

help ensure the success of this newly established program.

IV. Procedural Requirements

A. Regulatory Planning and Review (E.O. 12866, 13563)

Executive Order (E.O.) 12866 provides that the Office of Information and Regulatory Affairs (OIRA) at the Office of Management and Budget (OMB) will review all significant rules. OIRA has determined that this rule is not significant.

E.O. 13563 reaffirms the principles of E.O. 12866 while calling for improvements in the Nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The E.O. directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. E.O. 13563 emphasizes further that regulations must be based on the best available science and that the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

B. The Regulatory Flexibility Act

The Department of the Interior certifies that this proposed rule will not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule establishes a program to provide grants for business incubators, some of which may be small entities, but the \$5 million in total annual appropriations is not expected to reach the threshold of having a significant economic effect on a substantial number of small entities.

C. Small Business Regulatory Enforcement Fairness Act of 1996

This proposed rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. Because this proposed rule establishes a program supported by \$5 million in annual appropriations this rule:

(a) Does not have an annual effect on the economy of \$100 million or more.

(b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions.

(c) Does not have significant adverse effects on competition, employment,

investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

D. Unfunded Mandates Reform Act of 1995

This proposed rule does not impose an unfunded mandate on State, local, or Tribal governments or the private sector of more than \$100 million per year. The proposed rule does not have a monetarily significant or unique effect on State, local, or Tribal governments or the private sector. This proposed rule would establish a program to provide grants to certain business incubators that will serve Tribal communities. A statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*) is not required.

E. Takings (E.O. 12630)

This proposed rule does not affect a taking of private property or otherwise have taking implications under Executive Order 12630 because this proposed rule does not affect individual property rights protected by the Fifth Amendment or involve a compensable "taking." A takings implication assessment is not required.

F. Federalism (E.O. 13132)

Under the criteria in section 1 of Executive Order 13132, this proposed rule does not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement. A federalism summary impact statement is not required.

G. Civil Justice Reform (E.O. 12988)

This proposed rule complies with the requirements of Executive Order 12988. Specifically, this rule: (a) Meets the criteria of section 3(a) requiring that all regulations be reviewed to eliminate errors and ambiguity and be written to minimize litigation; and (b) Meets the criteria of section 3(b)(2) requiring that all regulations be written in clear language and contain clear legal standards.

H. Consultation With Indian Tribes (E.O. 13175)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian Tribes through a commitment to consultation with Indian Tribes and recognition of their right to self-governance and Tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in Executive Order 13175 and have determined that it has substantial direct effects on federally

recognized Indian Tribes because the rule requires early tribal involvement in the design of a process that will have significant impact on one or more recognized tribes.

Given the statutory deadline of April 2021 for promulgating a regulation, IEED did not have sufficient time to formally consult on the development of this proposed rule, but has scheduled the following Tribal consultation sessions by webinar to discuss this proposed rule:

- May 12, 2021, 1 p.m.–3 p.m. ET—please register for this session at: <https://doilearn2.webex.com/doilearn2/onstage/g.php?MTID=e77ad54c5178e4fcff380d118dcc83c2f>.
- May 13, 2021, 1 p.m.–3 p.m. ET—please register for this session at: <https://doilearn2.webex.com/doilearn2/onstage/g.php?MTID=e1e488228146c27c782cd83cb83b9478b>.

I. Paperwork Reduction Act

This proposed rule contains new information collections. All information collections require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. The Department is seeking approval of a new information collection, as follows.

Brief Description of Collection: This information collection includes items that an applicant must include in an application for an Indian Business Incubator Program (IBIP) grant and that IBIP awardees must include in the annual report. Applicant contents include such items as a description of the reservation communities the incubator will serve, a three-year plan regarding the services to be offered to participating entrepreneurs, among other items, information regarding applicant's experience in conducting assistance programs, and a site description of the location at which the applicant will provide work space to participants, among other items. The annual report includes a detailed breakdown of the entrepreneurs the incubator has served for the year covered by the report.

J. National Environmental Policy Act

This proposed rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the National Environmental Policy Act of 1969 (NEPA) is not required because this is an administrative and procedural regulation. (For further information see 43 CFR 46.210(i)). We have also determined that this proposed rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

K. Effects on the Energy Supply (E.O. 13211)

This proposed rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

L. Clarity of This Regulation

We are required by Executive Orders 12866 (section 1(b)(12)), and 12988 (section 3(b)(1)(B)), and 13563 (section 1(a)), and by the Presidential Memorandum of June 1, 1998, to write all rules in plain language. This means that each proposed rule we publish must:

- (a) Be logically organized;
- (b) Use the active voice to address readers directly;
- (c) Use clear language rather than jargon;
- (d) Be divided into short sections and sentences; and,
- (e) Use lists and tables wherever possible.

If you feel that we have not met these requirements, send us comments by one of the methods listed in the **ADDRESSES** section. To better help us revise the rule, your comments should be as specific as possible. For example, you should tell us the numbers of the sections or paragraphs that are unclearly written, which sections or sentences are too long, the sections where you believe lists or tables would be useful, etc.

M. Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

- (a) Consider the program goal of achieving broad geographic distribution of business incubators; and

§ 1187.22 How will IEED conduct the site evaluation?

Subpart D—Grant Awards

§ 1187.30 How will IEED disburse the grant funds to awardees?

IEED will disburse grant funds awarded to eligible applicants in annual installments except that, IEED may make disbursements more frequently, on request by the applicant, as long as disbursements are not made more frequently than quarterly.

§ 1187.45 What reports must the awardee submit?

(a) Not later than one year after the date IEED awards the grant, and then annually for the duration of the grant, the awardee must submit to IEED a report describing the services the awardee provided under the IBIP during the preceding year, including:

§ 1187.52 How will IEED coordinate with other Federal agencies?

IEED will coordinate with the Secretaries of Agriculture, Commerce, and Treasury, and the Administrator of the Small Business Administration to ensure, to the maximum extent practicable, that awardees have the information and materials they need to provide Native businesses and Native entrepreneurs with the information and assistance necessary to apply for business and entrepreneurial development programs administered by those agencies.

II. Background, Purpose, and Legal Basis

Many marine events are held on an annual recurring basis on the navigable waters within the Coast Guard Sector Long Island Sound Captain of the Port (COTP) Zone. The Coast Guard has

established special local regulations for some of these annually recurring events to ensure the protection of the maritime public and event participants from potential hazards.

Regulations establishing special local regulations to restrict vessel traffic are located in part 100 of Title 33 of the Code of Federal Regulations. Section 100.100 in part 100 establishes Special Local Regulations to ensure the safety and security of marine related events, participants, and spectators in Sector Long Island Sound's area of responsibility. The COTP Long Island Sound proposes to amend Table 1 of 33 CFR 100.100 Special Local Regulations; Regattas and Boat Races in the Coast Guard Sector Long Island Sound Captain of the Port Zone because adding this single reoccurring event will considerably reduce administrative overhead and provide the public with notice through publication in the **Federal Register** of the upcoming recurring special local regulation.

The Secretary of Homeland Security has delegated to the Coast Guard authority under section 70041 of Title 46 of the U.S. Code (46 U.S.C. 70041) to issue these regulations.

III. Discussion of Proposed Rule

The Coast Guard proposes to establish special local regulations for the annual Mystic Sharkfest Swim event by adding this event to Table 1 to 33 CFR 100.100. The event would occur on a day in July at a time to be determined each year. The regulated area would encompass all waters of the Mystic River in Mystic, CT from Mystic Seaport, down the Mystic River, under the Bascule Drawbridge, to the boat launch ramp at the north end of Seaport Marine. When enforced on the one day in July each year, these special local regulations would restrict vessels from transiting the regulated area. The specific proposed description of this proposed regulation appears at the end of this document.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a
