

THE DEPUTY SECRETARY OF THE INTERIOR  
WASHINGTON

JUL 13 2016

Dear Tribal Leader:

President Obama recently signed into law the Indian Trust Asset Reform Act (Public Law 114-178). We invite you to provide your input at listening sessions and Tribal consultation sessions on our plan for implementing this law.

Specifically, we seek your input on:

- The functions of the Office of the Special Trustee for American Indians (OST) and whether they should be transferred to other entities within Interior;
- A transition plan and timetable for how identified OST functions might move to other entities within the Department of the Interior;
- The transition of all appraisal services for Indian trust property to a single entity within Interior;
- Draft minimum qualifications for individuals to prepare appraisals and valuations of Indian trust property, and;
- The establishment of an Under Secretary for Indian Affairs as allowed under the Act who is to report directly to the Secretary of the Interior and coordinate with OST to ensure an orderly transition of OST functions.

Background information on these items, including OST functions that may be transferrable to other entities within Interior and potential options for the single entity within Interior that could perform all appraisal services for Indian trust property, are available at the following website: [www.doi.gov/OST/ITARA](http://www.doi.gov/OST/ITARA).

We have scheduled the following listening session and Tribal consultation sessions:
