

Office of Indian Energy and Economic Development Division of Capital Investment

Loan Guarantee Program

Since 1974, we have guaranteed more than \$1 billion

Who We Are...

The Division of Capital Investment manages the Indian Loan Guaranty, Insurance and Interest Subsidy Program which breaks through the conventional barriers to financing for tribes and individual Indians and their corporations. The program helps facilitate loan financing for borrowers. The Division helps secure reasonable interest rates and reduce risks for all parties involved.

We bring lenders and borrowers together so that all may prosper.

What We Do...

- Facilitate access to capital
- Help optimize resources
- Form strategic partnerships
- Provide outreach efforts
- Foster entrepreneurship
- Bring business opportunities to reservations and Alaska Native Villages

Eligibility and Lending Requirements

Any lending institution, including Community Development Financial Institutions, may apply for a guaranty provided the institution is regularly engaged in making business loans and has a capacity for evaluating and servicing loans which is satisfactory to the Program.

- The percentage of the loan guaranteed or insured may be up to 90% of the unpaid principal balance and interest.
- Loans may be used for a variety of purposes including operating capital, equipment purchases, business refinance, lines of credit, and more.
- The business must be 51% Indian owned.
- The business must contribute to the economy of a federally recognized tribal reservation or service area.
- The borrower must be projected to have at least 20% equity in the business being financed immediately after the loan is funded.
- The borrower may not be delinquent on any federal debt obligations.
- A one-time premium payment of 2% of the guaranteed portion of the loan is assessed and may be added to the loan.
