

# United States Department of the Interior

OFFICE OF THE SECRETARY  
Washington, DC 20240

Dear Native Hawaiian Community Leader:

On November 29, 2022, Congress passed the Safeguard Tribal Objects of Patrimony (STOP) Act of 2021, Pub. L. No. 117-196. The STOP Act aims to prevent the international export of cultural items prohibited from trafficking under the Native American Graves Protection and Repatriation Act (NAGPRA) and the Archeological Resources Protection Act (ARPA).

The STOP Act directs the Department of the Interior (Department), in coordination with the Departments of State, Justice, and Homeland Security, to regulate export of Tribal archaeological resources and cultural items, facilitate voluntary repatriation of Native American tangible cultural heritage back to Indian Tribes and the Native Hawaiian Community in the United States, and to operate a program (authorized up to \$3 million annually) to carry out core functions of issuing export certificates, consulting with Tribes and Native Hawaiian officials, managing databases and workflows, collecting fees and fines, coordinating interagency and Native committees, training, temporary holding (repository) and other operational requirements.

In August of 2023, the Department held two consultation sessions with Native Hawaiian organizations and accepted written comments on the development of a draft regulation for the STOP Act. The Department is now inviting you to consult on the Notice of Proposed Rulemaking (NPRM) for the Department's STOP Act regulations, 25 C.F.R. part 1194. The draft proposed regulation reflects input and recommendations provided by the Native Hawaiian Community and Tribes on the continent during the consultations hosted by the Department.

Enclosed to this letter you will find a copy of the draft regulation. This document is being provided to you for advance review but does not yet have the force and effect of law. The proposed regulation has been transmitted to the Office of the Federal Register (OFR) for review and is pending filing for public inspection at the OFR and publication in the *Federal Register*. Consequently, the attached version of the regulation is subject to change during the OFR review process. Only the version published in the *Federal Register* is the official regulation. Once published, the regulation can be found here: <https://www.federalregister.gov/agencies/indian-affairs-bureau#documents>.

The Department will conduct two consultation sessions listed below and will accept oral and written comments. Please note that these consultations will be closed to the press and the public to protect confidential information that may be discussed during the sessions. We look forward to speaking with you at one or more of the following sessions:
