Pursuant to the Freedom of Information Act, 5 U.S.C. Section 552 et seq ("FOIA"), I request copies of (or access to) information (hereafter known as the Records), specifically, the following information:

• All incident reports related to Tonah Fishinghawk (DOB 05/25/1983). (Per email with requester on 7/31/2024 - BIA Police, Northern Cheyenne in Lama Deer, MT would have responsive records.)

I limit my request to the time frame of January 1, 2016 to December 31, 2018.

If you regard any of these documents as potentially exempt from the FOIA's disclosure requirements, I request that you nonetheless exercise your discretion to disclose them. As the FOIA requires, please release all reasonably segregable non-exempt portions of the documents.

To permit me to reach an intelligent and informed decision whether or not to file an administrative appeal of any denied material, please describe any withheld records or portions thereof, and explain the basis for your exemption claims.

I am further requesting that the Records be provided to me in digital form. As you know, providing documents electronically is cheaper than mailing hard copies.

If you have any questions regarding this request, please email me at bernice.yeung@berkeley.edu or call me at 415 939 8564. I look forward to receiving a response within the 20-day statutory time period.

The Ft. Peck Tribal enrolled members name is (b) (6) the reports would have been generated in 2014 to 2016.

Importance of Transparency and Report Generation

Transparency is a fundamental principle in maintaining trust and accountability within our community. The timely generation and dissemination of these reports are not only a best practice but an essential step in ensuring that all stakeholders are well-informed and can access accurate data.

Necessity for Clear Record-Keeping

The information contained in these reports is crucial for several reasons:

- Preventing Future Disputes:** By providing these reports, we can prevent potential disputes over land ownership and transactions. Transparency eliminates doubt and helps maintain harmonious relationships within the community.
- Establishing a Procedural Map:** The process of generating and sharing these reports establishes a clear procedural map for any future data requests. This systematic approach ensures that all stakeholders understand the steps involved and the importance of maintaining accurate records.
- Maintaining Accountability:** Providing these reports to all relevant parties ensures that accountability is upheld. It reassures everyone involved that their interests are being managed with the utmost integrity and transparency.
