GENERAL ANALYST; CONSCRIPTION CENTRAL INTELLIGENCE AGENCY, SECTOR 87.1-37AC. HE IS ALERT.

I am requesting any and all documents relating to the death of my cousin, (b) (6), on the (b) (6) Indian Reservation in Sparks, Nevada. (b) (6) was killed after he fell asleep during a New Year's Party on the reservation. (b) (6) fell asleep on a couch inside a home on the Hungry Valley Reservation, when he was moved by the residents of the home into a garage/shed outside. He was placed on a couch in the garage/shed and a fire was lit in a trash can to keep him warm. It was freezing that night and was likely in the 'teens of temperature. (b) (6) died of carbon monoxide poisoning at some point in the early morning of (b) (6). No charges were ever brought forward against any of the residents of the home, and I am filing this request to get access to documents so that my family and I may finally have answers to why investigators never charged anyone for (b) (6) killing.

I am a law student at the University of Nevada, Las Vegas and currently serving as a Senior Staffer for the Nevada Law Journal at the Boyd School of Law. I am a (b) (6), and I am writing a paper on (b) (6) case and my hope is that this law article will shed light on the historical and modern disparities that tribal nations in Nevada have faced within the field of criminal law. So, I would like access to every document that relates to (b) (6) death and investigation. Since Congressional statutes have authorized only federal agencies to have authority to prosecute Major Crimes in Indian Country, the federal agencies are often the only ones able to prosecute serious crimes. There has been a history of Federal agencies struggling to prosecute such crimes and as a result, tribal nations in Nevada have long dealt with communities rife with criminals as well as crime, since there are circumstances where certain crimes go unresolved. Thus, I am hoping to use this example to call for more resources and awareness to federal prosecutors within Indian Country. I am requesting for an expedited report so that I can meet deadlines for the Nevada Law Journal. The Nevada Law Journal is the premier Law Review in the State of Nevada and thus I have several deadlines for research to meet before I can publish this article. I need this request expedited so I can help to restore my community and family, and potentially call for changes to be made with federal agencies conducting investigations in Nevada Indian Country. 3/25/2025 – response to clarification □

Claim No. (b) (6) □ refers to a trespass claim reported to the Bureau of Indian Affairs (BIA) by a Muckleshoot tribal member in the early 1980s in response to the Indian Claims Limitation Act. The claim concerns a King County right-of-way constructed through the Muckleshoot Reservation, specifically through Allotment 16. We would like to narrow this request to documents held by BIA between 1966 to 2010. This request concerns a live legal claim so this information would be used for present day guidance. □

We believe the claim originated through the BIA's administrative process under the Indian Claims Limitation Act and not through a court. The purpose of this request is to identify any documentation held by the BIA related to the filing, review, or disposition of Claim No. (b) (6) □. This includes any internal memoranda, correspondence, Federal Register submissions, records of decisions, or administrative handling that reference the claim. □
